Paul Richter, the grain and feed
dealer, has installed a corn elevator
for loading ear corn into the cars.
The elevator is operated by a five
horse power gasoline engine, and
instead of having to pitch the corn
out of the wagon into the car with
a scoop, the wagon is backed up to
the elevator, the end-gate pulled out
of the wagon bed and the corn push-
ed out of the wagon into the eleva-
tor hopper and is carried by a
sprocket lift into the car. It is a
great time and labor saver. We
understand several other grain deal-
ers will install similar machines soon.

The Hondo Public School opened
Monday for the 1924-1925 term with
all members of the faculty present.
Quite a number of citizens, includ-
ing members of the Board of Trus-
tees, were present at the opening
and several brief addresses were
made. There are quite a number of
new members on the faculty this
year, and it will take many of the
pupils some time to adjust them-
selves to the new relations, but the
school starts off with every prospect
of a successful term.

POULTRY

Contagious Roup Cause of Heavy Poultry Loss

(Prepared by the United States Department of Agriculture.)

With the approach of fall and wet, cold weather, contagious roup, say members of Iowa State college, is one of the most dangerous diseases that threaten flocks. It causes a heavy loss not only from a high death rate but also from the fact that it interferes with egg production and causes loss of vitality in breeding.

Contagious roup is easy to identify. It starts with a thin watery discharge from the nose and eyes, which has an offensive odor. Inflammation sets in, the birds begin to cough and sneeze, breathing becomes noisy and they frequently breathe through their mouths. The secretions from the nose and eyes change to a yellowish cheese-like mass.

Roup can easily be prevented by avoiding damp, poorly ventilated, overcrowded quarters. To cure a sick bird, place it in a dry, well-ventilated place away from the other birds and give it plenty of fresh water and feed. Every morning and evening remove all the cheesy matter from the eyes and nostrils and dip the bird's head into a solution of bichloride of mercury (1-1,000). This is made by placing one 7.3 mercury bichloride tablet in a pint of water. Hold the bird firmly and immerse the head until the eyes are covered, keeping it there a few seconds or until it struggles.

Poultry Manure Is Most Valuable as Fertilizer

Poultry manure contains fertilizing constituents which would cost 20 to 25 cents as commercial fertilizers. The average night droppings of a hen are 30 to 40 pounds annually. A flock of 100 hens at this rate would produce \$20 to \$25 worth per year. To prevent loss of the fertilizing constituents, sifted coal ashes may be used on the dropping boards as an absorbent. Wood ashes or lime should not be mixed with the manure. As poultry manure is particularly adapted to gardening, poultry raisers can often dispose of it at a good price. Such management will add a little to the profits from the flock.

Feather-Pulling Harmful in Any Chicken Flock

Feather-pulling destroys a flock. When a cock begins to look as if he were picked on the neck and breast you may then begin to watch for the hen that is doing the mischief; and she should be removed at once, as she will teach the habit to others if she remains with the flock. Feather-pulling is a vice that comes from confinement and idleness. There is no remedy for it, but it may be prevented by so feeding the fowls that they will be compelled to scratch. They should be fed meat and bone-meal, plenty of grass, and a little salt, in their food.

FREDERICK LOUIS BOEHLE DEAD.

Mr. Frederick Louis Boehle, a widely known stockraiser and farmer of the Quihi community, died on the afternoon of the 5th instant and was buried in the old Lutheran cemetery at Quihi the following afternoon, Rev. C. P. Haaskarl of Bethlehem Lutheran church officiating. A large number of relatives and friends of the departed dead attended the burial service and thus paid to the departed one their last tribute of love and esteem. Mr. Boehle died at the home of his daughter, Mrs. Hy. H. Saathoff, of the Sturm Hill community. Here surrounded by his dear ones he spent the last few years of his life and received unto his end all the attention that medical skill and hands of love could render. The cause of his death was primarily old age. He attained the age of 75 years, 5 months and 8 days. May he rest in peace.

Mr. Boehle was the only child of Mr. and Mrs. Louis Boehle, one of the pioneer settlers of the Castroville and Quihi communities. He was born at Castroville, March 27th, 1846, and is reported to have been the first white child born in Medina County. Shortly after his birth his parents removed to Quihi where he grew up, became a stockraiser and farmer and spent practically his whole life there, enjoying the respect of a large circle of friends and neighbors. As a young man he identified himself with the Quihi Lutheran church and continued in its membership to the end of his life. As a young man he entered Sept. 16, 1871, into the marriage estate with Miss Anje Aden, who preceded him in death 21 years ago. The issue of this union were seven sons and three

daughters, of which number, three sons died in their infancy and his daughter, Mrs. Emil Graff of Lower Hondo, and Mrs. Charles Kurka of San Antonio, also preceded him in death a number of years ago. He is survived by his sons, Emil, William and George of Quihi and his daughter, Mrs. Hy. H. Saathoff as well as by seventeen grand children and three great grand children. In his death there passed out of this community a man whose long life linked the pioneer days of Medina County, with its many hardships and struggles, to the prosperous present and who was interested or associated with the various enterprises and onward movements as they developed in this community.

FUNDAMENTAL REVELATION in DRAMATIC SYMBOL.

By Rev. J. T. Horgor.

No. XVII.

of Egypt, Through the Wilderness, into Canaan.

Three phrases above, set forth three divisions into which the life of the Israelites, the descendants of Abraham, Isaac and Jacob, Egyptian bondage to Canaan, inheritance which God had promised them. We accept this as a given symbol; drama, the divisions standing respectively, against, and corresponding to, the Triune Godhead, the Triune God and the Triune revelation of the grace of salvation. That out of Egypt stands for God's father's dispensation leading the child to Christ; and "Through the wilderness," stands for the regenerate state, in which Christ is leading the child of God to the "promised Father," the gift of the Holy Spirit, sanctifying and establishing soul in righteousness and true peace; of which Canaan, the "promised land" was a God given type, these three, Justification, Regeneration and Sanctification, are the of men saved from sin and eschewed in holiness and true righteousness; prepared for efficient service on earth and the joys of heaven beyond. In our last article we followed the offspring of Abraham and Isaac into the land of their sojourn in Egypt, their labors and cruel slavery, and miraculous deliverance from Egyptian bondage, in the crossing of the Red Sea; all of which is God's picture of a sinner in the bondage of sin, struggling with the world, the flesh and the Devil; the deliverance from the bondage of sin and the thralldom of death and eternal damnation.

Our last article, we discussed the first dispensation of the life of the Israelites, as mentioned above and left them shouting at the Red Sea over their conversion, deliverance from Egyptian bondage. This was not only a symbol, but a really partook of the nature. (See 1 Cor. 10:1-4) In this article we are to study the second dispensation, the life of the Israelites, as mentioned above and left them shouting at the Red Sea over their conversion, deliverance from Egyptian bondage. This was not only a symbol, but a really partook of the nature. (See 1 Cor. 10:1-4) In this article we are to study the second dispensation, the life of the Israelites, as mentioned above and left them shouting at the Red Sea over their conversion, deliverance from Egyptian bondage. This was not only a symbol, but a really partook of the nature. (See 1 Cor. 10:1-4)

Thus far, we have taken the data of the article from the Book of Exodus, Chapters 15 to 40 inclusive. Now let us turn to Numbers, 10:11, where Israel takes leave from Mt. Sinai, for Canaan, their promised inheritance. God's type of the Christian's inheritance, which is the gift of the Holy Spirit in His sanctifying power. See Acts 20:32.

Now that it has been one year since they were converted at the Red Sea and that they have, joined the church, and promised obedience in righteousness, we naturally, expect better things of them in the future. But alas! Notwithstanding that God was with them, in a cloud by day and a fire by night, three days journey from Mt. Sinai found them complaining, and the mixed multitude lusting for the fish, cucumber, melons, leeks, garlic, and flesh pots of Egypt. They wanted to go back to a life of worldliness:—"Prone to wander Lord I feel it, prone to leave the God I love." Did you ever feel and sing it; Brother—Sister? Yes, it's true in the merely regenerate life. There the Lord gave them the second small (?) bunch of quail, which lay upon the ground, three feet deep and fifteen miles in diameter each way. The people stood two days and one night and gathered and ate until the curse of God overtook them, and they died as a penalty for their lust. Then Miriam and Aaron, sister and brother of Moses, being jealous, found fault of Moses, charging that he assumed too much authority over the people; and the Lord smote Miriam with leprosy, and threw Aaron into a fit of alarm and consternation, in which he begged Moses to pray for her. But God thrust her out and healed her not for seven days.

And when they had encamped at Kadesh, (holy) almost in sight of the promised, holy land; Moses sent a spy from each of the twelve tribes, to go over to Canaan that they might bring back a report of the land, the inhabitants and their fortifications. After forty days they returned; ten of them, first reported a goodly land, flowing with milk and honey, and presented a sample of its lucious fruits. But said, the people are strong, and dwell in walled cities, very great; and moreover, they saw the children of A-nak, a tribe of giants there. Also other various tribes of Canaan, the youngest son of Ham, on whom Ham placed the curse, occupied the entire country. At this, Caleb and Joshua, the remaining two of the twelve spies, advocating Holiness, for that is what the promised land stood for; said "let us go up at once and possess the land; for we are well able to overcome it." Whereupon the ten "Holiness Fighters" brought up an evil report, saying the land eateth up the inhabitants thereof; and there were giants of great stature there, before whom, we were as grasshoppers, so small in their sight.

This Evil report had its desired effect; the congregation was discouraged, wept and murmured against Moses and God, and proposed to make themselves a captain and return to Egypt—worldliness and sin.

But Joshua and Caleb plead again, saying; "The land which we passed through to search it, is an exceeding good land: If the Lord delight in us, He will bring us into the land, flowing with milk and honey." But as they continued to exhort, the congregation bade stone them.

Let the reader bear in mind that this promised land, was God's created, ordained and prepared symbol or type of the experience of Sanctification and the beautiful life of Holiness, with corn and wine, Milk and honey. Then bear with me while I tell you, that I have had near forty years personal experience and careful observation with the Gospel of "Full Salvation". "The Holiness Movement"; and just as the ten spies first reported, even so, have per cent of our leading churches and their ministers, confessed that the experience of entire Sanctification and the holy life to follow, would be a great and good and glorious life, —IF—the Experience could be obtained; and —IF—the holy life was practicable. And then when the Holiness preachers (of several different denominations)—this matter of holiness is not a sectarian fad;—but the fundamental of the New Testament Covenant, insisted upon God's children entering the experience and life, there has been, like the ten spies, an Evil report given up, and many exaggerated, and not a few false reports, touching the doctrines taught, the experience professed, the life lived and the character produced by the "Holiness Movement". have been disseminated, peddled and repeated, among the people and just as sure as a judgment followed the Evil report of the ten spies, just so sure will there be a judgment to follow the evil report, that has been, and is now being made against the "Holiness Movement" now extant in the earth.

When the ten spies prevailed with their evil report, and the Israelites proposed to return to Egypt, God appeared on the scene, and declared that not one of those men over twenty years old, whose faith had failed in His word of Promise, should ever enter the promised land; but they should turn back in the wilderness, and there wander amid diseases and pestilence, to be bitten by the fiery serpents and be consumed in the wilderness. But the ten spies who brought the evil report, were destroyed instantly by a plague from the Lord. But the congregation wandered in the wilderness round about Mt. Seir for 38 years till all the fathers were dead. Then the Lord appeared unto Moses and said, "Ye have compassed this mountain long enough, turn ye northward".—Deut. 2:3. Would that God would thus speak to our churches.

So Moses took up his march for the promised land again, passing around the Edonites, the children of Esau and the Moabites and the Ammonites, the children of Lot. But when they were camped near the Moabites, they committed whoredom with the Daughters of Moab, and worshipped the idol gods of the Moabites thus committing literal and spiritual adultery and the Lord slew twenty-four thousand of them. We next find Israel at Be-er, a well, where they drank and sang a song saying "Spring up, oh well; sing ye unto it."

We note that the regenerate life, as symbolized by the travels of Israel through the wilderness, once in a while has seasons of gladness, and times of holy joys. Then they came to Heshbon where Shon the King of certain Amorites, presided in the East valley of the Jordan river. Also the giant Og was King over another section of the east valley, a little further up the River. Both these Kingdoms were Amorites, the offspring of Ham through Canaan, types of the carnal mind of man, the world and the Devil and as such, the Lord commanded Moses to destroy them off the earth which he did. But the Edomites, Moabites and Ammonites; children of Esau and Lot, who were descendants of Shem, and evidently were the types of the regenerate, and therefore God would not permit the Israelites so much as force their way through their land; you must go around them, they are your brethren. Now when the rich pasture lands of the east side of Jordan had been taken from the Amorites, then the tribes of Keuben and Gad, and the half tribes of Manasseh, came to Moses, and requested that they might settle thereon, as their inheritance. This was the land of Gilead; and was never reckoned as the "Holy land of promise", equal to that of the district immediately west of the Jordan river. Therefore, Moses suspected a spirit of unbelief and rebellion in them, and said if ye will go as soldiers across Jordan and help fight till the other tribes have possessed their inheritance, then ye may return and possess Gilead as your inheritance: But if you fail to cross Jordan, and fight for the possession of the promised land, it shall be a sin unto you; "and be sure your sin will find you out." This scripture, applied to the Christian era, simply means if we are not true to "the promise of the Father", the experience and life of holiness; willing to go in, and ready to help others in, it is a sin to us. And God says, "be sure your sin will find you out". Not just any and all sorts of sin; but the sin of neglecting or discouraging the teaching and propagating and seeking of the promised inheritance of the children of God, which is "the gift of the Holy Ghost, in His Sanctifying and enduring power, of which Canaan was a God given type. Now tell me in the light of the above scripture what will become of all the Preachers, chief Pastors, presidents and teachers of Theological schools, the editors of church papers, the Evangelists, the Pastors, Elders, Deacons, Stewards, Men and women of the inner circle of our churches, who have persistently turned a deaf ear to the Gospel of Sanctification and true Holiness,—(a holy heart and a holy life)—for these Forty years of the Modern

"Holiness Movement" which has belted the earth time and again. I ask can you tell me what will become of them? And then, tell me if you can, what will become of the vast numbers of human souls who are now freezing to death, veiled in trespases and in sin, for the lack of the warmth, light and life that should have come to their hearts from truly sanctified and spirit filled churches; yes, tell me what will become of them, if you can?

Now what is the gist of this article; rather the sum-total of the Regenerate life as symbolized and set forth in the life and travels of the Israelites, as found in the Books of Ex., Lev., Num., and Deut? Evidently, it is a life of many trials and sore temptations; often with spare supplies of the water of life, and scarcity of satisfactory food for the soul. The remains of the Carnal mind left in the soul after Regeneration, is represented by the grumbings and complainings,—instead of prayer and thanksgiving. And by their proneness to idolatry, as in the case of their worship of the Golden calf at Mt. Sinai, and also in joining the Moabites in the worship of Baalpeor. Also the carnal mindedness of the merely regenerate state, is illustrated by their haughty pride in finding fault of Moses, by Miriam and Aaron: The offering of strange (unconsecrated) fire, by Madab and Abihu, Aaron's two oldest sons, and again in the case of Karah, Dathan, Abiram and their company, who rose up and accused Moses of arrogating to himself too much authority and honor, as lawgiver and leader; saying we all are as holy as Thou. Lastly, we call attention, that their loathing of the manna, a symbol of the word of God, the bread of eternal life; and their repeated lust for the strong scented unwholesome flesh pots of Egypt, are vivid types of a disposition all too common in the heart of the merely regenerate to "loath" and neglect the reading of the word of God, and other pure religious and devotional literature, and on the other hand, longing to turn back to a life of worldiness and sin, rather than take up the cross and go on to the crucifixion of the Carnal mind, and to that perfect love which casteth out fear and settles and grounds the soul in God and Godliness. On the other hand, their times of gladness and periods of joys, and sweeping victories in battle, was like that of the Regenerate life, spare and far between. However, it will be noted that, after the unbelieving element had died in the wilderness, and the young generation, with faith and hope for the possession of the promised land, that their battles were more often, and their victories more triumphant.

May God help us all to realize that He has for us a better state of grace, than that of Regeneration and that He has called us into Holiness and admonishes us to go on to perfection. REV. J. T. HORGOR.

We have all heard of breaking in
a bank, robbing a bank, but it re-
mained for Hondo to tear down a
bank, however not completely. A-
bout 2:00 o'clock Friday afternoon
one of the ornate posts on the
front of the Hondo State Bank fell
into the street. A rope had been
attached to the post and stretched
across the street to the top of the
Leinweber building, supporting a
large flag in honor of Defense Day.
The post was not able to stand the
strain, broke and fell in the street.
Fortunately no one was in its path,
otherwise some Hondo citizen would
never have observed another De-

TO THE PUBLIC.

For the benefit of my friends
to set at rest any doubt or false
supposition as to my relation to
Ku Klux Klan, I hereby make
publish the following which is
explanatory, and I hope satisfac-
tory to all. THE STATE OF TEXAS,
COUNTY OF MEDINA.)

Before me, the undersigned
authority, on this day personally
appeared H. R. Bailey, to me
known, and who, after being duly
sworn on his oath deposes and
says:

That he is not now, nor has
ever been a member of or affil-
iated with the Ku Klux Klan, nor
ever made application for mem-
bership or affiliation therein; that
not now a member of or affil-
iated with, nor has he ever made
application for membership in any
organization similar to the Ku
Klux Klan; that he has not been
solicited, influenced, by the Ku Klux
Klan or any similar organization,
to for himself as a candidate for
that he has not received and will
not receive any financial aid, or
advance of any kind, within his
knowledge or with his consent, from
the Ku Klux Klan or any similar or-
ganization, as a candidate for office.

That he offers himself as a
candidate for the office of County
Clerk of Medina County solely upon
his own merits and his ability to per-
form all the duties of the office to
be aspires.

LADIES' FORTY-TWO CLUB.

At the regular meeting of the Ladies' Forty-two Club held Thursday afternoon, Mrs. L. E. Heath, Mrs. Sadie Hutzler and Mrs. John Finger were hostesses.

Despite the threatening weather, five tables of players gathered to contest for high score in the eleven games played. The honor for high score went to Mrs. P. P. Brewster, and Miss Lucille De Montel, each having won ten games. Mrs. R. J. Noonan and Mrs. C. J. Schuehle tied for low score, with two games each.

The club had as guests for the afternoon, Mrs. P. P. Brewster, Miss Emma Muennink and Mrs. Philip Schoop of Tampico, Mexico.

At tables, made attractive by vases of Zenias entwined with queens crown, a refreshment course of pineapple sherbert and cake was served to the following: Mesdames P. Jungman, O. H. Miller, Mimke Muennink, R. J. Noonan, C. J. Schuehle, Philip Schoop, P. P. Brewster, F. H. Schweers, Leo Schweers, Oscar Schuehle, Felix Richter, Earl Starnes, L. J. Brucks, Horace Bradley, Robert Bendele, F. S. Cockrell, Fletcher Davis, John Finger, Sadie Hutzler, L. E. Heath, Geo. Heyen and Misses Emma Muennink and Lucille de Montel.

Mrs. P. Jungman, Mrs. Garland Martin and Mrs. Henry Merriman will be hostesses at the next meeting of the club which will be held at 3:30 instead of 4:00 o'clock as heretofore.

INTERSCHOLASTIC LEAGUE OFFICIALS ELECTED.

At the Teachers' Institute held in San Antonio last week, Medina County teachers elected the following Directors for the Interscholastic League Meet next spring.

Director General: Supt. A. B. Smith, Devine.

Director of Declamation: Supt. J. J. Bates, Yancey.

Director of Debates: Mr. J. L. Williams, D'Hanis.

Director of Spelling: Miss Dora Mae Wilson, Yancey.

Director of Essay Writing: Miss Loraine Bradshaw, Hondo.

Director of Rural Schools: Supt. W. N. Saathoff, Hondo.

Director of Athletics, Mr. J. C. Williams, Devine.

Director of Music Memory, Miss Octavia Davis, Castroville.

Director of Arithmetic, Mr. S. K. Bright, Hondo.

Hondo was selected as the place for holding the League meet.

MARRIED.

Miss Lena Wiemers, daughter of Mr. and Mrs. John G. Wiemers of Dunlay and G. E. Clemons of San Antonio were quietly married Monday morning, September 8th, in the Methodist church at Hondo, Rev. Foster officiating.

The young couple will make their home in Corpus Christi, where the groom holds a position as engineer with the Sumner Sallitt Company, contractors doing construction work on the new port development project.

WANTED.

Rattle Snake skins with rattles attached at Depot.

THE SCHWARZ CASE SETTLED.

In a conference between officials of the Southern Pacific Railroad and friends of the late Richard Schwarz, a settlement was agreed upon. It will be remembered by our readers that Mr. Schwarz and a little daughter were the victims of a railroad crossing accident in the eastern part of town on the 23rd day of February, 1923, in which the father was instantly killed and the little girl so seriously injured that she has never completely recovered.

The railroad company will pay to the surviving widow and family \$15,000. A friendly suit will be filed in the district court in San Antonio the first of the coming week and confirm the agreement, thereby making the agreement binding on both sides. The railroad company spent some \$5,000 in surgical and hospital fees and the \$15,000 now agreed upon as damages make the accident cost the company some \$20,000.

The action of the railroad company in effecting this settlement without a contest would seem to somewhat refute the old charge of a soulless corporation.

THE RAIN.

The sample of rain—total .71 of an inch—fell in Hondo Thursday afternoon and up to 1:00 o'clock Friday morning. As far as we have been able to learn but little territory was covered. The precipitation being heaviest in the town. About the only value of the rain will be a temporary relief from the dust. In fact, it is possible that the rain will do more harm than good as it will result in the deterioration of unpicked cotton and was too light to be of value to the ranches. However, it is possible we will get more before the weather clears.

And it did! Before the proofs on the above article were corrected it came another fine shower and as we go to press—late Friday evening—prospects are favorable for still more.

PHILATHEA CLASS MEETS.

Mrs. Isaac Wilson was hostess to the Philathea Class Tuesday afternoon.

Mrs. Harper Fly led the lesson in a most interesting manner to twenty-four members and guests.

A feature of Mrs. Wilson's afternoon which pleased the guests was the manner in which her daughters, Evelyn, Mary Ruth, Thelma and Elizabeth, assisted their mother and played, recited and sang accompanied by their mother.

A refreshment course of spiced tea, chicken and date sandwiches was served, and the lesson assigned for the following meeting. The next meeting will be at the home of Mrs. F. S. Cockrell on September 23rd, the 14th Chapter of St. John being the lesson for study.

TEACHERS' ASSOCIATION ORGANIZED.

The teachers of Medina County have formed a permanent organization for mutual benefit. It is planned to have monthly meetings, meeting at the various school houses over the county, where programs of special interest to the teachers will be given.

Officers of the association are:

Prof. A. B. Smith, Chairman, Devine.

Miss Lena Stone, Secretary-Treasurer, Hondo.

Prof. J. J. Bates, Yancey; Prof. A. J. Dippel, LaCoste; Miss Octavia Davis, Castroville; and Prof. J. L. Williams, D'Hanis, Executive Committee.

A BIG REALTY DEAL.

One of the largest realty deals, involving some \$36,000, was consummated this week, the property involved being the farm and ranch of the late Fritz Frerichs. We failed to learn the name of the purchaser, but he comes from some mid-Texas county. While the title to the property has not yet passed, the forfeit posted precludes any failure in the negotiations. This is valuable property and no doubt it will be developed to the interest of the new owner.

TO THE PUBLIC.

The Womens' Missionary Society of the Methodist Church will give a DINNER, at the Chamber of Commerce, (Rest Room) Thursday, Sept. 25.

MRS. M. H. MUENNINK, Secretary.

NOTICE.

I will sell my Hobby Horses, or take in partner on trial for 30 days if he wants to buy the machine.

DUNLAY DISTRICT NO. THIRTY-THREE.

(P. O. Dunlay, Texas.)

From Directory, Medina County Public Schools. Dunlay district is ten miles east of Hondo on the Southern Pacific Railroad. The district comprises about twenty-five square miles of territory. Much of the lands are in cultivation, much more could be made

DUNLAY SCHOOL, DISTRICT 33.

into splendid farms. At present these lands are used for grazing purposes. The Old Spanish Trail passes through this district east and west. The educational interest of the community is progressing nicely and harmoniously. Originally the school was situated in the little village of Dunlay, but due to the number of patrons living in the northern part of the district the school building was moved one mile out on the highway to accommodate the rural people. It is a one room building and does not conform to the late modern idea, still it is extremely neat in appearance. The equipment is ample for a one teacher school.

The board of trustees consists of Mr. John Zuberbaier, Mr. William Meyer and Mr. Edmund Haby. Their efficiency may be seen by the number of years they have given their service to the school and the cause of education. They are untiring in their efforts to make the school a success.

Some community activity in which the old and young participate is held in the school at various occasions. We predict a bright future for the Dunlay school people.

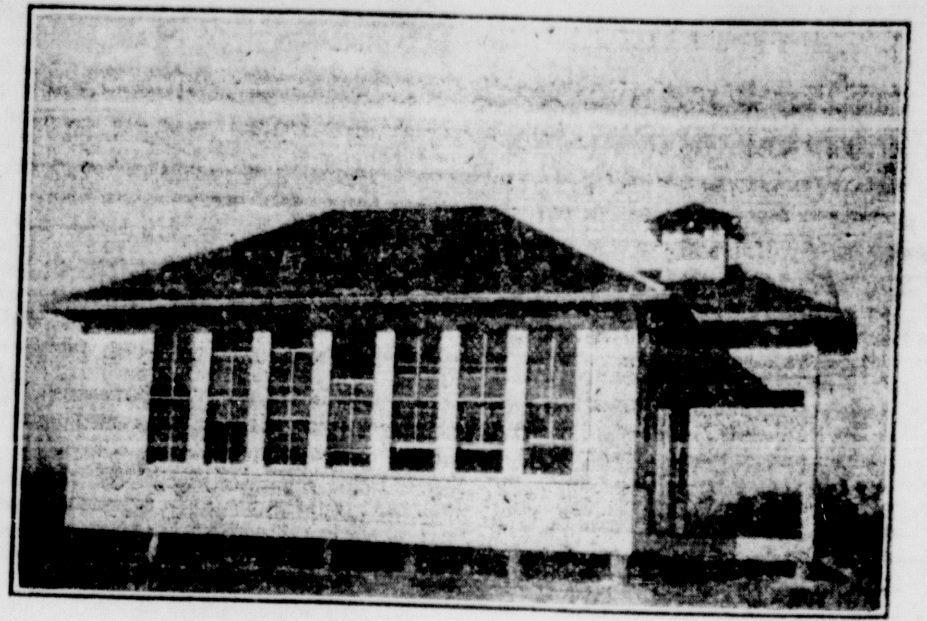

Teacher is Miss Elizabeth Stroud, term 8 months, salary \$75.00. Certification of teacher, First Grade.

Scholastics 43, enrolled 21. This district has no local tax. A good school that could be made much better by voting a maintenance tax.

ENTERPRISE DISTRICT NO. THIRTY-FOUR.

(P. O. Dunlay, Texas.)

This district was created in 1916. It is a part of Districts Nos. 8 and 33. It is located about five miles south of Dunlay. The school is the first

ENTERPRISE SCHOOL, DISTRICT 34.

in the county that received rural aid to the amount of \$400.00 for the erection of the school building. It conforms in every particular to the state plans. The equipment is modern and complete.

The patrons of the school are home owners and take much pride in the community and their school. Agriculture is the main occupation. Corn and cotton are the principal crops. Stock-raising is carried on to some extent. This community has enjoyed splendid community leagues, but at present the interest is at low ebb. The forces should be re-enlisted, stimulated, and again employed and applied in strengthening community interests. The school is a one teacher school. There have been a few High School students doing exceptional good work in this school.

The board of trustees are Mr. Armin Bendele, Mr. Chas. Krenmuller and Mr. Jake Haby. Their frequent visits are an inspiration to both teachers and pupils.

Teacher Prof. E. J. Murrey, term 8 months. Salary \$90.00. Certification of teacher—Permanent certificate.

Scholastics 34, enrolled 18. Tax voted 50c, levied 25c.

CITATION BY PUBLICATION.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Medina County—GREETING:

YOU ARE HEREBY COMMANDED, That by making Publication of this Citation in some newspaper published in the County of Medina, for four weeks previous to the return day hereof, you summon William Means, and the unknown heirs of the said William Means, deceased, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Medina, at the Court House thereof, in Hondo, Texas, on the 11th Monday after the first Monday in August, 1924, the same being the 20th day of October, A. D. 1924, then and there to answer a Petition filed in said Court, on the 9th day of September A. D. 1924, in a suit numbered on the docket of said Court No. 2040, wherein Lee Ward, P. S. Ward, H. G. Wilson and Wesley Ward, are plaintiffs, and William Means, and the unknown heirs of the said William Means, deceased, are Defendants. The nature of the plaintiffs' demand being as follows, to-wit:

That plaintiffs own by a good and valid title in fee simple, all that certain piece, parcel and tract of land, lying and being situated in Medina County, Texas, described as follows:—654 acres of land, of the League of land known as Survey No. 761, in the name of Adam Coble, Beginning at the S. E. Corner of a 760 acre tract of land, out of the N. E. Corner of said League, and at a point in the East line of said League 950 vrs. South of its N. E. corner from which a mesquite 19 in. in dia. and marked — near the ground fixes the corner; thence West along the South boundary line of said 160 acre tract of land and the South boundary line of a 947 acre tract of land, out of said League 6695 vrs. to the West line of said League and the S. W. cor. of said 947 acre tract; thence south along the West boundary line of said League 535 vrs. to a stake and mound on said boundary line for S. W. corner of this tract of land; thence East 6695 vrs. to a stake and mound on the East boundary line of said League for the S. E. corner of these 654 acres of land; thence North along the said East boundary line of said League 535 vrs. to the place of beginning; That plaintiffs, Lee Ward and P. S. Ward, obtained the title to said land by virtue of a Warranty deed from C. L. Kilgore and wife, Anna R. Kilgore, dated November 30, 1899; that plaintiff, Lee Ward, still owns all that part of said tract of land, lying West of the Hondo-Kilgore and Frictown 3rd class public road; and that plaintiff H. G. Wilson owns a part of said tract lying East and adjoining said public road; and that plaintiff, Wesley Ward, owns a part of said tract between the Wilson part and the East line of said tract of land; that plaintiffs, H. G. Wilson and Wesley Ward, hold under and by virtue of deeds from plaintiffs, Lee Ward and P. S. Ward, and their assigns, and their title to said land is based upon the title of said Lee Ward and P. S. Ward, the other plaintiffs herein, that if it should be found by the Court that these plaintiffs do not own said land in fee simple by and through a regular and consecutive chain of title, then these plaintiffs say and aver that plaintiffs, Lee, and P. S. Ward entered upon the above described land, and took exclusive possession thereof on or about November 30, 1899, under and by virtue of their deed to said land from C. L. Kilgore and wife, which said deed was duly filed by them for record in the County where said land was located on the 11th day of December, A. D. 1899, and that from that time, continuously, for more than five years thereafter said plaintiffs, Lee, and P. S. Ward, had the actual adverse, peaceable, continuous and uninterrupted possession of said land, cultivating, using and enjoying the same, paying all taxes thereon, claiming the title to said land under and by virtue of the aforesaid deed for the full period of five years or more, and that during such time the title of plaintiffs, Lee and P. S. Ward, to said land was never at any time questioned or disputed by any one, wherefore if defendants, or any of them ever had any cause of action for any claim, right, title or interest in and to said land, such cause of action is barred by the statute of limitation of five years, which title so acquired they herein specially plead; that if it should be found by the court that these plaintiffs do not own said tract of land under and by virtue of the five year statute of limitation, then these plaintiffs say and aver that they and those under whom they claim title, have had and held peaceable and adverse possession of all of said land, cultivating, using and enjoying the same for more than ten years next preceding the filing of this suit, and also that plaintiffs Lee and P. S. Ward, had and held adverse peaceable possession of said

land and premises, cultivating, using and enjoying the same for full ten years next succeeding the acquisition of said land by them from C. L. Kilgore and wife, on November 30, 1899; that said land was enclosed during all of said period of time by a good substantial fence, and that plaintiffs, during all of said time, claimed, used and occupied said land openly and notoriously as their own land and adversely to the whole world, wherefore these plaintiffs say that they have a good and perfect title to all of said land under and by virtue of the ten year statute of limitation, which title so acquired they here now plead; that the defendants assert some right, title, claim or interest in and to said land, all of which constitutes a cloud upon the good title of plaintiffs to said land, and that plaintiffs are entitled to and should have judgment against said defendants, and each of them establishing, maintaining and quieting plaintiffs' title to said land and every part thereof; plaintiffs pray that defendants be cited to appear and answer herein as required by law, and that upon a hearing hereof they have judgment establishing maintaining and decreeing to them and each of them the title to their respective parts of said land, and that the cloud be removed from plaintiffs' title caused by defendants' claim thereto, and that the title to said land be vested in plaintiffs free of any right, title, claim or interest which said defendants or any of them may have in and to said land, and plaintiffs pray for such other and further orders or decrees, legal or equitable, to which they may be justly entitled.

HEREIN FAIL NOT, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hondo this, the 9th day of September A. D. 1924. Issued same day.

(L. S.) AUGUST KEMPF,
Clerk District Court, Medina County, Texas.

CITATION BY PUBLICATION OF FINAL ACCOUNT.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Medina County, Greeting:

Zillah Ulbrich, administratrix of the community estate of herself and Erie R. Ulbrich, deceased, having filed in our County Court her Final Account of the condition of the community estate of herself and Erie R. Ulbrich, deceased, numbered 1921 on the Probate Docket of Medina County, together with an application to be discharged from said Administration,—

You Are Hereby Comanded, That by publication of this Writ for twenty days in a Newspaper printed in the County of Medina you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do on or before the October Term, 1924, of said County Court, commencing and to be held at the Court House of said County, in the town of Hondo, on the 7th day in October, A. D. 1924, when said Account and Application will be acted upon by said Court.

Given under My Hand and seal of said Court, at my office in the town of Hondo, Texas, this 8th day of Sept. A. D. 1924.

DEFENSE DAY.

Yesterday, September 12th, was National Defense Day. There was no observance of the day locally, but that readers of the Anvil Herald might be informed as to its purpose we asked Lieutenant H. E. Ston of the 9th U. S. Infantry for an article explaining it.

The following is printed at his request: The Secretary of War has written the following letter to a clergyman who asked for information in regard to the "Defense Test":

"In acknowledging your letter I wish to thank you for seeking official information on the 'Defense Test' to be held on September 12th. Nothing will be done on that day to alarm any sincere American citizen, and our plans should meet with the approval of all, except possibly those who are opposed to any defense against external aggression. Attached are statements by General Pershing and myself, which explain our plans from a technical standpoint. I would, however, like to make several points clear to you.

"In the holding of the 'Defense Test' the War Department is merely obeying the basic law of our country. The Preamble to the Constitution gives National Defense as one of the main objects for which our government was formed. By an Act of Congress in 1792 the democratic nature of our military service was determined when it was prescribed that all male citizens between eighteen and forty-five years of age should be available for military duty at any time of war. The National Defense Act of 1920 prescribes that the organized peace establishment shall include all of those divisions necessary to form the basis for a complete and immediate mobilization for the national defense in the event of a national emergency declared by Congress. To fulfill the expressed purpose of the Constitution we have organized a new citizen army, and prepared a mobilization plan based on community cooperation in the spirit of the Act of 1920. Such a democratic conception of National Defense will only meet the requirements of an emergency if it is thoroughly understood by all who have definite responsibilities under it. The most practical way of assuring this is by public demonstration.

"The event to take place on September 12th will not be a 'general mobilization'. A mobilization would mean the bringing to war strength, man, animals and material, of the armed forces of the Nation. Our military establishments will not be increased for an instant on September 12th. The 'Defense Test' will be only a demonstration of mobilization plans. It will be an endeavor on the part of the Federal Government to inform our people as fully possible on the present status of security. Our whole purpose is to present to our country the new Army of the United States and to indicate what action would be taken in a national emergency by our individual citizens, and communities, if our country is to be defended successfully. The demonstration planned might be compared to a fire drill in a school or the safety of the children. Just as fire escapes and exits are of little use if the children do not know how to use them, so also are the best plans for our safety, if out people do not know what the plans are, and if they should do in a crisis. We believe that our action is in the interest of more intelligent citizenship.

We are able to take this forward because our plans are purely defensive, and their object for security. We therefore need not keep them secret. Our test will not only our own people, but people, to visualize our proposed mobilization. Open defense is openly arrived at are merely practical extension of the principle underlying open diplomacy. Insofar as there is any foundation for the assumption that people frequently induced to warlike without realizing the consequences of these acts, the 'Defense Test' will be a precautionary measure. Everyone will be aware of sacrifices which war will require.

The 'Defense Test', on the other hand, will apprise the world as words can of our friendly purposes as a nation. They will see that we have a standing army of half-a-million men, like some of the great nations, nor compulsory military training like other great nations. We will see a small standing army, forced only by citizens who have taken to prepare themselves for service to their country in the event of war. As a matter of fact, some of those who object to simple demonstration could use it as an object lesson for all.

From a military standpoint the 'Defense Test' will be of practical value. It will be educational both to military establishment and to citizens. We have tried to learn the lessons of the World War. In them we have evolved our plans which apportion our resources equally among all units. Their object is to millions of dollars and thousands of lives, and to prevent wastage and delay and confusion in a defensive war. They are dependent on each other, on each other's understanding its particular responsibilities, and on the cooperation of all. Explanation and demonstration are necessary; hence the 'Defense Test'.

In conclusion, I would like to emphasize that I am striving for peace, and that in common with all I desire it most sincerely. Observation has brought the conviction that such is also the purpose of General Pershing, and of all members of the Army of the United States. But the promotion of peace is secured by the denial of the possibility of history. Our country has

always refrained during peace from adequate precaution against the possibilities of war. Nevertheless, wars have come in spite of us. Unpreparedness has never prevented war, and the only result of our peace-time nonchalance has been increased losses and hardships to those of our citizens who rallied to the defense of the nation."

CITATION ON APPLICATION TO SELL REALTY.

THE STATE OF TEXAS
To the Sheriff or any Constable of Medina County, Greeting:

You are hereby Commanded to cause to be published once each week for a period of twenty days before the return hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Medina County, a copy of the following notice:

THE STATE OF TEXAS
To all persons interested in the estate of Chas. G. Bendele, Deceased H. F. King, Administrator de bonis non has filed in the County Court of Medina County an application for an order to sell the following property of said estate, situated in Medina County, Texas, to-wit:

167 acres of land known as Survey No. 1259 1/2, patented to the Heirs of Anton Desolmes by Patent No. 146, Vol. 38, on August 8th, 1870.

160 acres of land known as the S. E. 1/4 of Section No. 2, Cert. No. 1-882, original grantee B. S. & F.

640 acres of land known as Section No. 154, Cert. No. 122, originally granted to H. & B. Ry. Co.

640 acres of land known as Survey No. 153, patented to J. B. Davenport by Patent No. 136, Vol. 39, on July 16th, 1879.

1070 acres of land, more or less, out of survey No. 423, patented to Ed. de Montel and J. D. Gillis, assignees of Harry Gribbs, by Patent No. 507, Vol. 5, on July 22nd, 1884.

125 acres of land, more or less, out of survey No. 1267, patented to Ed. de Montel and J. D. Gillis, assignees of Minerva Morris, by Patent No. 126, Vol. 6, on June 6th, 1885.

The last two mentioned tracts of land being all of said surveys Nos. 423 and 1267, lying East or Southeast of a straight line running from the east corner of Survey No. 1266, A. B. & M., to the N. E. corner of Survey No. 236, H. E. & W. T. Ry. Co., and being all of said surveys except the parts sold by W. J. Davenport and J. D. Gibbons, to C. B. Davenport by deed, dated Sept. 25th, 1909.

All of said land being the same land conveyed to L. A. Stiegler and C. G. Bendele by J. D. Gibbons and wife by deed, dated October 2nd, 1916, recorded in the Deed Records of Medina County, Texas, in Book A. No. 52, on pages 500-501, the interest of the said L. A. Stiegler therein having thereafter been transferred to the said C. G. Bendele which will be heard at the next term of said Court, commencing on the first Monday in October A. D. 1924, the same being the 6th day of October, A. D. 1924, at the Court House thereof, in Hondo, Texas at which time all persons interested in said estate are required to appear and show cause why such sale should not be made, should they choose to do so.

Herein Fail Not, but have you before said Court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court at office in Hondo, Texas, this 21st day of August, A. D. 1924.

(L. S.) S. A. JUNGMAN,
Clerk County Court, Medina County, Texas.

OUR CREED.

Keep us, O God, from pettiness!

Let us be large in thought, in word, in deed.

Let us be done with fault-finding,

and leave off self-seeking.

May we put away all pretence and meet each other face to face without self-pity and without prejudice.

May we never be hasty in judgment, and always generous.

Teach us to put into action our better impulses, straight-forward and unafraid.

Let us take time for all things, make us grow calm, serene and gentle.

Grant that we may realize it is the little things that create differences, that in the big things of life we are as one.

May we strive to touch and to know the great common woman heart of us all, and let us not forget to be kind.

DEFENSE DAY IN HONDO.

While but little publicity was given National Defense Day, nevertheless quite an interesting little program was staged on College Square at 2:00 o'clock Friday afternoon. Quite a lot of bunting was in evidence, and all business was suspended for an hour or so, the schools dismissed and together with the grown-ups assembled at the square. Captain Thomson and four squads of soldiers of the regular army were here from Camp Travis and took part in the program. When all had

assembled at the Square, County Superintendent W. N. Saathoff was called upon and made a brief patriotic talk, explaining the day and stressing the fact that the science of war as well as everything else had progressed since revolutionary days and that it was well enough for the people to familiarize themselves with new weapons of warfare. At the conclusion of the address the soldiers gave drills, machine gun firing, etc., and doubtless the hour spent at the square will prove of value to those who were present, as well as interesting.

This Defense Day idea was new to our people, and should it become one of yearly observance it will doubtless be given greater prominence in the years to come.

THE PICNIC.

The Second Annual Barbecue Picnic given by St. Mary's Congregation in the George Echtle Pecan Grove, Sunday, September 7, 1924 was a grand success in every respect.

Immediately after High Mass in St. Mary's Church at LaCoste, the gate to the beautiful picnic ground was thrown open and people from all over Medina and Bexar Counties could be seen in the crowd.

At 12:00 barbecue dinner was served which was much enjoyed by all. Everybody said it was the best they ever ate.

The afternoon was pleasantly whiled away in taking part in the various amusements that were on the grounds.

Late in the evening everybody departed well pleased with the day thus spent.

A neat sum of over \$500.00 was cleared which goes to the building fund of St. Mary's Church.
